Oga,

Hope alls well. Please can you make contact with Gani Fanelimi's Chambers and arrange to take the Nigerian government to court on behalf of Captain Atatah.

He wishes to do so for their involvement in his imprisonment and failure to assist in his release and repatriation from Angola. (Please KEEP ME OUT)

I am a citizen in this lawless country. It's sad that such a beautiful country is being destroyed by a few.

Let everyone know I'm okay. When I can, I will make contact. Please don't reply to this email. Someone who was in prison with us, offered to take this message.

Keep well and love to all
